

Wiliwili Festival 2011 – Living Green Reuse Innovation Challenge Treasures to Trash Contest

Living on an island makes keeping things out of our landfills extremely important. Every time we reuse an object there is one less piece of trash, one less bit of impact on our carbon footprint, and a little more money left in our wallets. For example, sun hats crocheted from plastic grocery bags, handbags made from old car upholstery, kitchen racks made from box springs.

If you have created treasures out of trash, you have the opportunity to share your ideas by entering them in the Reuse Innovation Challenge at the August 20th Wiliwili Living Green Festival. Prizes will be awarded in four categories:

- ✓ Clothing and Accessories
- ✓ Art
- ✓ Keiki
- ✓ Everything Else

Entries will be judged on

- ✓ Originality
- ✓ Creativity
- ✓ Environmental responsibility
- ✓ Environmental impact

Entry must be made from existing objects. No illegal, offensive, or inappropriate content. Entries must not: use individuals' names, in whole or in part (except for the entrant's first name); refer to public figures; or contain materials embodying the names, likenesses, or other identifying elements of any person, living, or dead without permission.
